

## ERRATUM

Volume **206**, Number 1 (1998), in Article No. JA987426, "Sylow Intersections in Finite Groups" by Ben Brewster and Peter Hauck pages

metadata, citation and similar papers at [core.ac.uk](http://core.ac.uk)

" $\text{Aut}_G(H/K)$  is abelian" it should read "if  $P \in \text{Syl}_p(\text{Aut}_G(H/K))$ , then  $P$  is abelian."

The proofs are valid for the far-weakened definition which appeared but the proofs were written for the strengthened version of this definition given above. The consequences mentioned in the Introduction assume the strong version.

This erratum is Article No. jabr.1998.7855.
